PRESENTING

MEMORIES OF 1956

**BY THE YEARBOOK STAFF
TOWNVILLE HIGH SCHOOL
TOWNVILLE, PENNSYLVANIA**

FOREWORD

Music may have many moods. A good mood for each occasion. There is happy music, sad music, sentimental music, and even blue music.

As you leaf through this little book and see your classmates all side by side, think back on all those wonderful friendships and you will hear happy music from afar.

The sound of the bell, the voices of your teachers, the shuffle of feet on the stairs, the slam of the locker doors, the cheers for your team and the groan of the school bus as it plows through the snow with the chatter of the happy students hoping the worried driver will never get through.

Now you say that's noise. Someday as you take this dusty book down from its place, look back through the years to 1956, recall those good days and the good times you had, those same sounds that you then called noise will become music to your ear. Listen closely now — it's the sweetest music you will ever hear.

DEDICATION

To Mr. George Rutherford, Music Director of Townville High School, we proudly dedicate Memories of 1956 as an expression of respect and appreciation for the interest and effort he has put forth in making our Music Department a success.

It is with a great deal of pleasure that we commend our students as the school year 1955-1956 draws to a close. Under rather adverse circumstances our student body has shown the qualities that form the basis of our solid American Democracy.

As teachers we are hopeful that the lessons learned here in school --- lessons that often are incidental to textbook instruction --- will carry over to your life outside the school itself. We urge you to enjoy your school and your school life, so that you may learn from your school activities as well as your textbooks, and so that you may more fully enjoy your post-school days.

Fred W. Herlinger, *Supervising Principal*
